

CIVIL PARTNERSHIP CEREMONIES

Civil Partnership is a new legal relationship, which can be formed by two people of the same sex. It gives same sex couples the ability to obtain legal recognition for their relationship. Couples who form a civil partnership will have a new legal status – that of “civil partner”. A civil partnership will be registered once the couple has signed the civil partnership document in the presence of a registrar and two witnesses.

You can choose many ways to make your civil partnership ceremony personal for you both to share and celebrate with family or friends should you want it to be very simple or very elaborate. The civil partnership Ceremony can include poems, readings, music, exchanging of your own vows with rings or a token gift.

The Ceremony will be conducted by one of South Gloucestershire Councils fully trained professional celebrants and can guide you so that you can tailor your service.

The Bristol Inn has a number of private suites that are licensed to accommodate your ceremony

Making the day a perfect celebration

In addition to the civil partnership ceremony we will be delighted to advise and assist you with the planning and preparations of your special occasion.

We are able to host your celebrations from a drinks reception to a complete package or why not have your celebrations themed exclusively for you and your guests.

At The Bristol Inn we can tailor an individual event to suit your requirements and budget.

Please call our events team that will only be too happy to provide you with more information.
